Opening 1 / 4

Hi, everyone. I'm Kenji. Luke and I met in college, and we've been friends for twelve years. I'll keep this short, because Luke and Aisha have a party to get to.

Part 2 2 / 4

Once, we took the wrong train. We were going to a concert two hours away, and we ended up in a town neither of us had heard of. I was upset. Luke found a diner, bought us both pancakes, and said it was now our favorite town. He was right. We missed the show and we still talk about that day.

Part 3 3 / 4

That's Luke. Plans fall apart, and he makes something good out of what's left. I've watched him do it for twelve years, and it never gets old. Aisha, you know that already. I'm glad he found you.

Closing 4 / 4

Luke, you've been a good friend to me. Now you get to be a good husband. Congratulations, you two. Please raise your glass to Luke and Aisha.
